EDUCATION

Bachelor of Technology Guru Nanak Dev University

05/2018 - Present

CGPA-6.2

Branch

- Computer Science and Engineering

PERSONAL PROJECTS

SUDOKU SOLVER (10/2020 - 10/2020)

- **Description-** Implemented backtracking algorithm in Python to make sudoku solver which gives us optimized solution of the sudoku problem
- It is a real life application of Data Structures and Algorithms
- <https://github.com/its-puneet/sudokusolver>

Desktop Assistant (09/2020 - 10/2020)

- **Description-** Made a desktop assistant by implementing a part of Artificial Intelligence using various libraries and APIs
- It takes voice input and gives voice output along with performing various functions like opening software, searching google and youtube, cracking random jokes, COVID cases, Weather Forecast etc
- https://github.com/its-puneet/Desktop_Assistant

Ecommerce Website (06/2021 - Present)

- **Description-** Made a website using HTML, CSS, JAVASCRIPT, JQUERY and BOOTSTRAP
- This project was a part of **Web Designing Intern**
- <https://drive.google.com/drive/folders/1zpagKsCEU0La54kJnWzoFtUxfXaHUnSY?usp=sharing>

WORK EXPERIENCE

Python Intern Best Enlist

06/2021 - 07/2021

Work from Home

Achievements/Tasks

- Python Training + Project
- Developed various mini projects using python, python Mysql, Tkinter, APIs
- **Github Link-**https://github.com/its-puneet/Python_BootCamp_30DAY

Web Designing Intern Internship Studio

06/2021 - 07/2021

Work from Home

Achievements/Tasks

- Web design Training+Project
- Used HTML, CSS, JS and BOOTSTRAP
- <https://drive.google.com/drive/folders/1zpagKsCEU0La54kJnWzoFtUxfXaHUnSY?usp=sharing>

SKILLS
